2015 Website Program Description

Join Raymon Grace, international energy worker, healer, teacher, lecturer, author, and dowser for a weekend of Dowsing at The Monroe Institute.

Focused thoughts and intentions transform our subtle energy into powerful manifestation. Dowsing allows us the joy of seeing the results of this subtle energy change, as it occurs; to measure it and to know it is real.

Dowsing is many things to many people and limited only by our imagination as to the ways it can be used to enhance our lives. It is a tool to help us develop our own deep knowing and intuition.

Reveal and quantify the physical manifestation of our focused thoughts and intentions.

In this activity-packed program, world-renowned dowser and author Raymon Grace guides you to:

- Add power to thoughts
- Send healing energy over distance
- Overcome fears
- Utilize a Native American healing technique to reach spirit realms
- Positively influence behaviors
- Employ techniques for attracting prosperity
- ...and much more.

Dowsing has been used throughout history as a powerful and effective method of creating positive change.
Join us for this seminar and learn from **Raymon Grace.**

You can transform your life by changing your thoughts. It's time to stack the deck of life in your favor.
